ABOUT US

A 73-year legacy isn't claimed.
It is proven.

Cavelier was founded in 1953 by Germán Cavelier. The firm has advised companies, business groups and institutions on the legal decisions of greatest complexity and national and international impact.

What began as a practice specializing in Intellectual Property has grown into a firm spanning the principal areas of legal practice: Intellectual Property, Compliance, Entertainment, Corporate and M&A, Banking and Finance, Tax, Employment and Litigation. A firm that covers the full spectrum of the legal needs of the modern corporate client.

CORPORATE SOCIAL RESPONSIBILITY

CSR | ASOCIACIÓN CAVELIER DEL DERECHO

Advancing the study of law through a commitment to excellence.

We see the law as a public good, and our commitment to Colombia runs deep: since 1991, the Asociación Cavelier has supported outstanding students and fostered legal research across the country.

Founded by Germán Cavelier Gaviria, the Asociación Cavelier del Derecho is a non-profit organization that promotes legal education in Colombia through competitions, scholarships and educational grants.

"Your trust drives a broader purpose."

CAVELIER

OUR PRACTICE

We help companies operating in Colombia turn regulatory compliance into a competitive advantage. We support our clients in identifying and managing risk, in designing tailored compliance programs and in implementing corporate governance frameworks that strengthen the sustainability, transparency and trustworthiness of their operations.

Areas of Specialization

01 Life Sciences

We support domestic and international companies across the full range of legal, regulatory, and commercial challenges facing the life sciences industry in Colombia. Our team advises on human and veterinary medicines, medical devices, market access, health regulation, intellectual property, test data protection, pricing policy, compliance, and risk management, delivering end-to-end solutions throughout the product life cycle.

02 Regulatory

We guide domestic and international companies through obtaining and maintaining the authorizations required to import, market, and keep their products on the Colombian and Latin American markets. Our multidisciplinary team combines legal, technical, and regulatory expertise to deliver agile, strategic solutions for highly regulated industries, including pharmaceuticals, food, medical devices, cosmetics, veterinary products, hygiene products, and emerging life sciences technologies.
