CAVELIER

ABOUT US

A 73-year legacy isn't claimed.
It is proven.

Cavelier was founded in 1953 by Germán Cavelier. The firm has advised companies, business groups and institutions on the legal decisions of greatest complexity and national and international impact. What began as a practice specializing in Intellectual Property has grown into a firm spanning the principal areas of legal practice: Intellectual Property, Compliance, Entertainment, Corporate and M&A, Banking and Finance, Tax, Employment and Litigation. A firm that covers the full spectrum of the legal needs of the modern corporate client.

CORPORATE SOCIAL RESPONSIBILITY

CSR | ASOCIACIÓN CAVELIER DEL DERECHO

Advancing the study of law through a commitment to excellence.

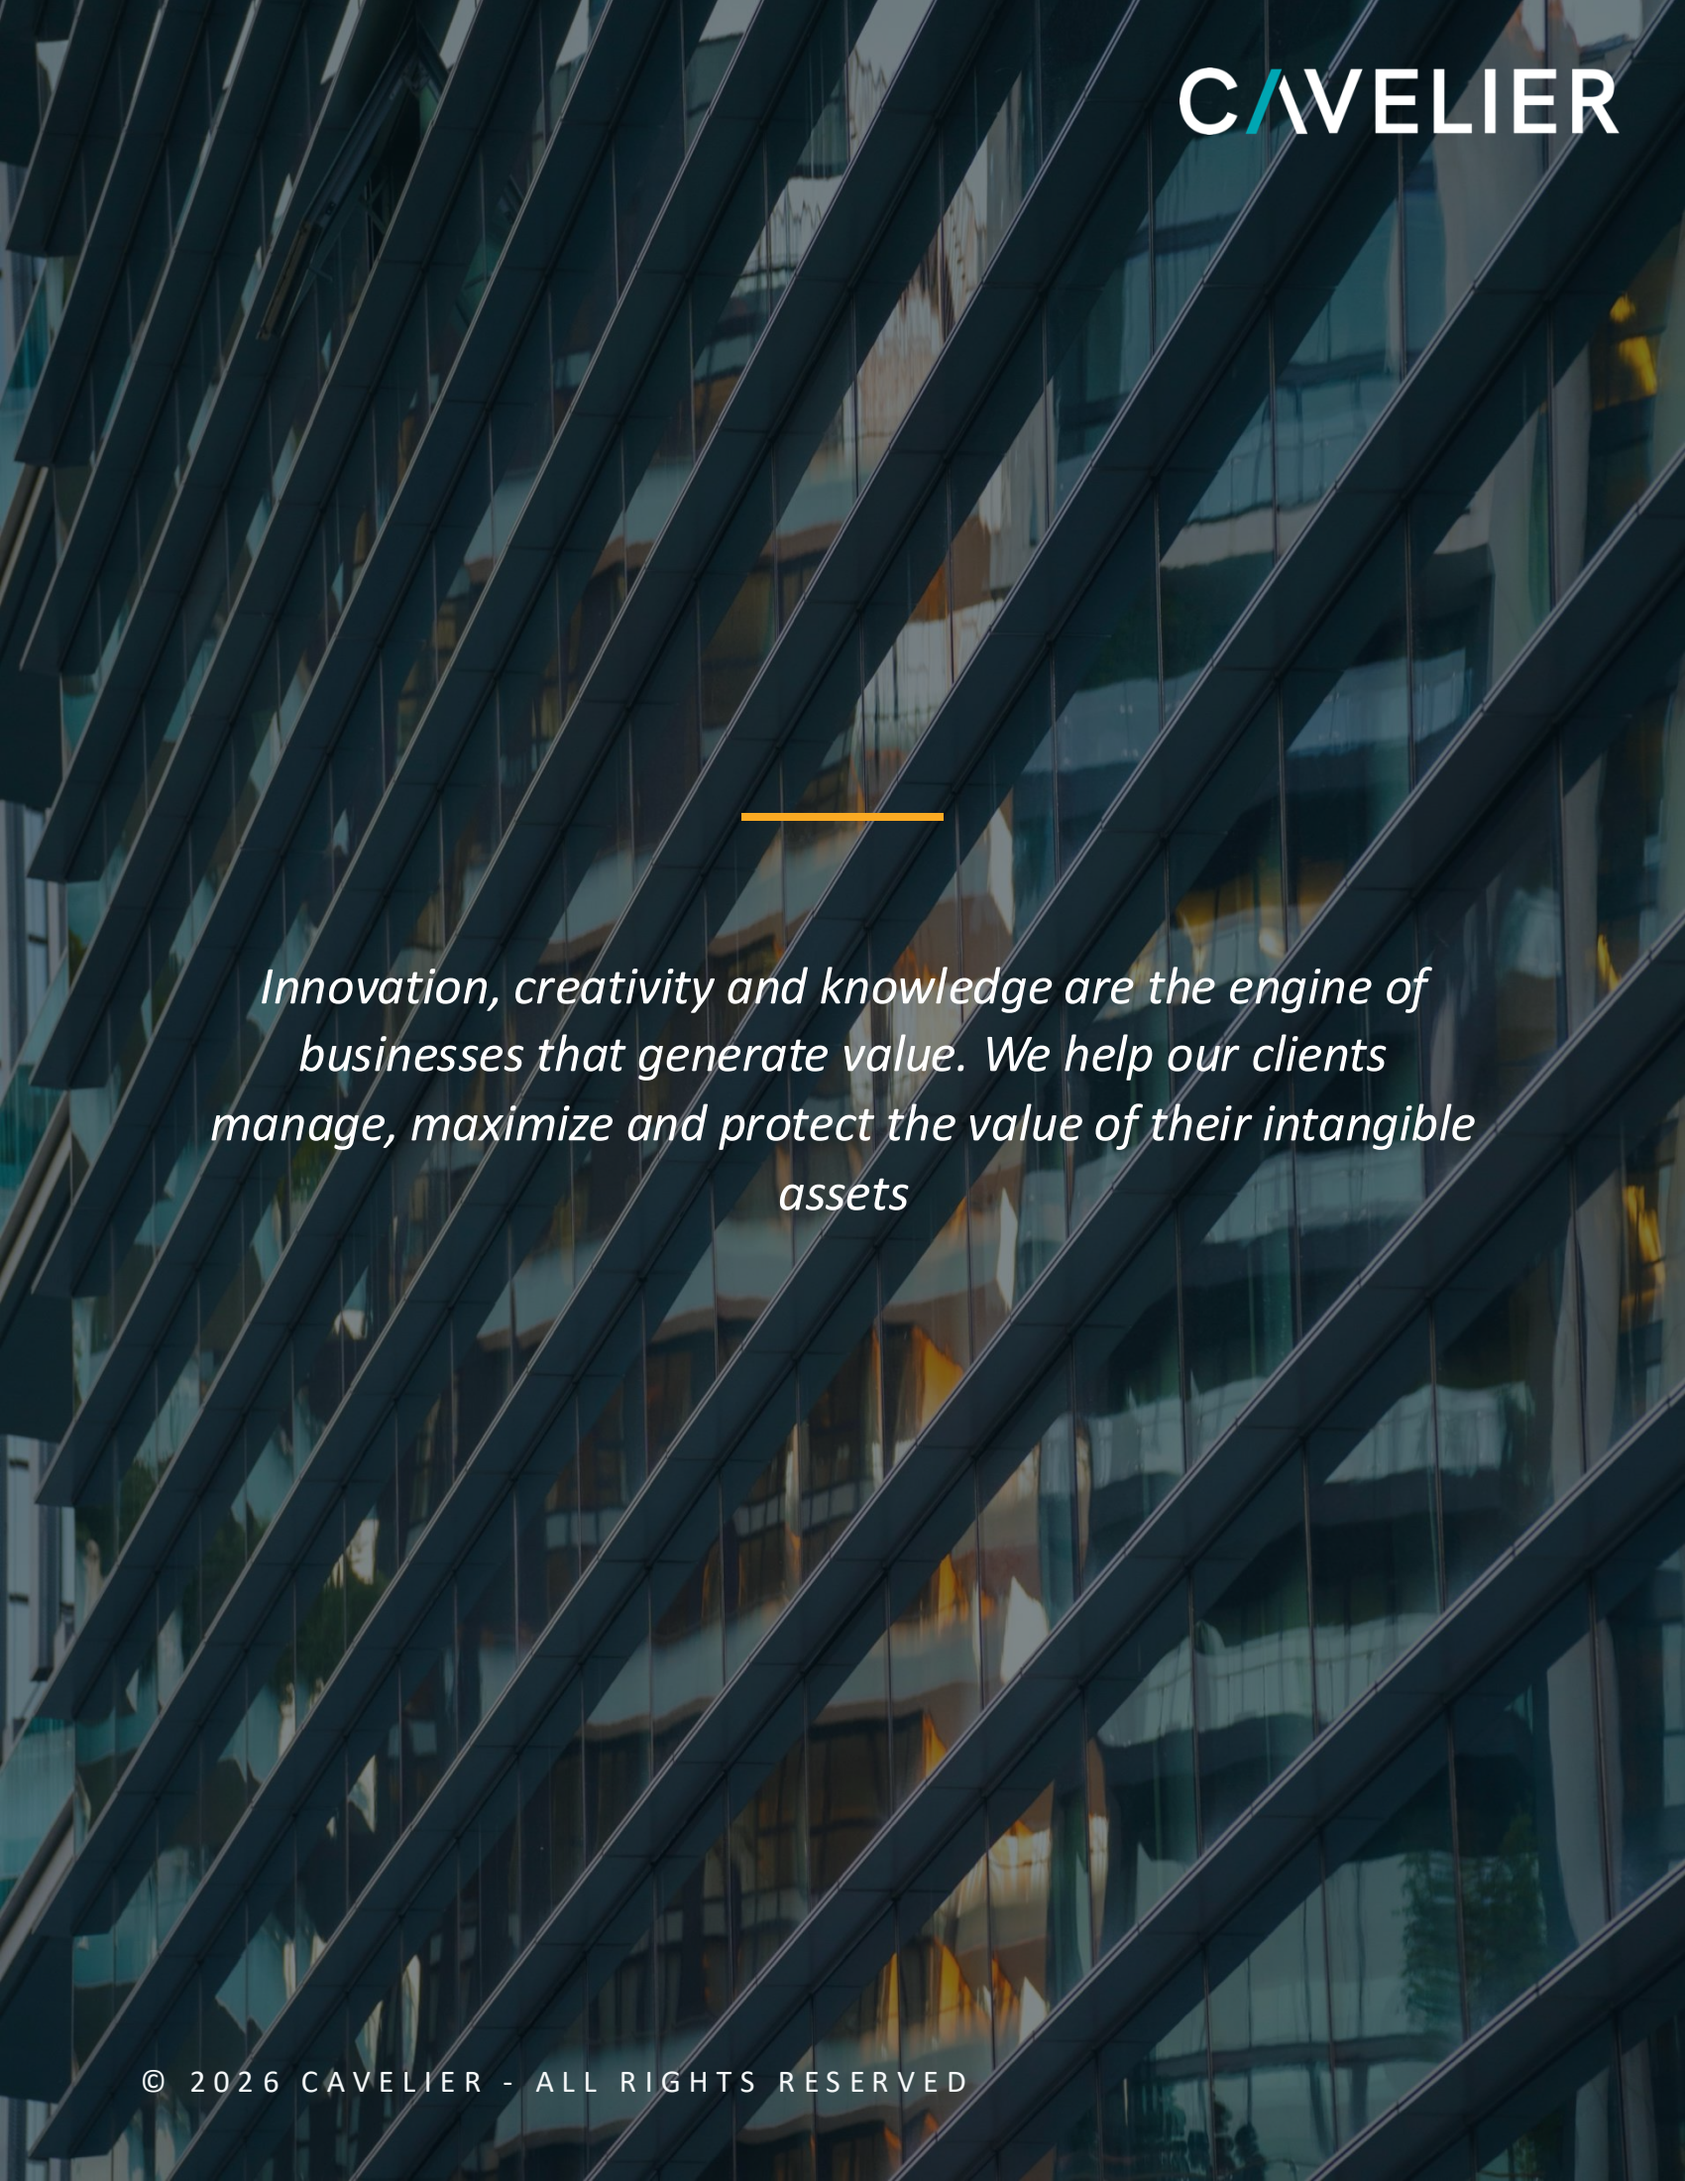

We see the law as a public good, and our commitment to Colombia runs deep: since 1991, the Asociación Cavelier has supported outstanding students and fostered legal research across the country.

Founded by Germán Cavelier Gaviria, the Asociación Cavelier del Derecho is a non-profit organization that promotes legal education in Colombia through competitions, scholarships and educational grants.

"Your trust drives a broader purpose."

Areas of Specialization

01 Trademarks

- Portfolio Strategy and Management: We design trademark protection strategies aligned with our clients' business and expansion objectives.
- Clearance Searches and Registrability: We identify prior rights and assess registration and use risks before a brand goes to market.
- Prosecution and Maintenance: We handle registrations, renewals, licenses, assignments, and all other trademark filings and recordals in Colombia and abroad.
- Oppositions and Administrative Enforcement: We represent our clients in oppositions, cancellation actions, appeals, and other proceedings before the competent authorities.
- Trademark Watch: We monitor potentially conflicting applications and uses so that our clients can respond promptly.
- International Protection: We coordinate trademark filing and enforcement strategies across multiple jurisdictions.

Areas of Specialization

02 Copyright

- Protection and Registration of Works: We advise on the protection of literary, artistic, musical, and audiovisual works, as well as software.
- Agreements and Licensing: We structure copyright assignment, licensing, and commercial exploitation agreements.
- Digital Environments: We advise on the use of digital content and on safeguards against unauthorized use.
- Ownership and Exploitation: We establish ownership of protected works and the legal framework required to commercialize and monetize them.
- Rights Enforcement: We design strategies to prevent and respond to copyright infringement.

Areas of Specialization

04 Patents, Industrial

We combine technical and legal expertise to support our clients in protecting and strategically leveraging their new developments. Our team of scientists, engineers, and specialist attorneys has the experience and knowledge required to understand complex technologies and to design solutions aligned with each client's business objectives. We advise domestic and international companies on patent portfolio management in Colombia, Latin America and other jurisdictions worldwide, as well as on high-impact litigation, technology transfer and regulatory matters in innovation-intensive sectors such as pharmaceuticals, biotechnology, agrochemicals, mechanical engineering and electronics.

Areas of Specialization

05 Intellectual Property Litigation

- Administrative and Judicial Litigation: We represent our clients in disputes involving trademarks, distinctive signs, and related rights.
- Administrative Proceedings: We handle oppositions, cancellation actions, appeals, and other contentious proceedings before the competent authorities.
- Infringement Actions: We enforce our clients' intellectual property rights against the unauthorized use of protected assets.
- Domain Names: We advise on disputes arising from the bad-faith registration and misuse of domain names.
- Dispute Resolution: We assess judicial, administrative, and negotiated strategies tailored to each client's interests.
